Dear Licensees:

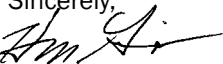

As we begin this new year, the employees and management of the ABC Board would like to take this opportunity to thank you for your assistance in making 2019 a very profitable and record-breaking year for the State of Alabama. Preliminary figures indicate that the 2019 state spirit sales exceeded half a billion dollars (\$531.2 million to be exact), an 8 ½ percent increase over 2018. Without your purchases, this would not be possible.

The ABC Board strives to maintain aggressive and well-managed distribution and merchandising programs to respond to the needs of our customers. We will continue to bring you up-to-date product lines as they become available to us. We recognize the significance of stores as a service to the public and promote a policy of efficient and courteous service by store employees. Control and customer service remain top priorities in our efforts to increase revenues while maintaining a high degree of service and education.

There is a rumor that an all-out effort will be made to privatize the complete ABC Board sales and distribution system. This rumor, if true, would translate into a two hundred and fifty million dollar increase in cost to the Alabama consumer. Privatization of spirits wholesale and retail operations intended to maintain revenues to the state will result in higher prices to Alabama consumers because the costs of distribution are largely passed on to them.

How can we help you? Please take the time to fill out a comment card or email me. I read all the comment cards received through my office and, whether they are requests for certain products or comments on experiences in our stores, the Board and I are very interested in making your shopping experience successful and pleasant. I take a personal interest in ensuring that you receive good customer service.

I would like to thank all our customers, vendors and employees for their hard work. We look forward to a great year in 2020 with you continued help. Please contact my office any time you have questions or need assistance.

Sincerely,

H.M. Gipson

RUM'S ON THE RUNWAY

geekery. That is changing, however, with greater availability of aged, sippable rums and increasing interest by bartenders and consumers in unusual barrel finishes and funky releases.

It may not happen overnight though.

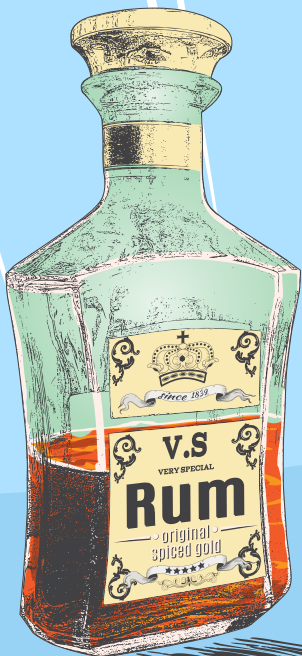

“The total category is a bit down, as white rums are just battling for share,” notes John Eason, COO and executive vice president of Serralles USA, representing Don Q Rum. “The aged rum space is robust, but still on a small base.”

Rum is unusual in its range and diversity. There’s a rum for every palate and consumption occasion. Rum’s variety offers opportunities to take market share from vodka and tequila with white and spiced/flavored rums, and from whiskey and brandy with fine aged rums.

“With the premiumization of brown spirits especially, it is an easy transition for a whiskey drinker to appreciate the qualities of aged rum,” says Malcolm Gosling Jr., Gosling’s Export Ltd.

“Whiskey and tequila are certainly on fire right now, and aged rums absolutely have an

RUM IS READY FOR ITS MOMENT. “There is real excitement in the premium rum space,” says Sean Yelle, category director, dark spirits, at Campari Group, whose portfolio includes Appleton Estate and Wray & Nephew. That’s due to a confluence of factors, he adds: better products, wider availability, and gatekeeper bartenders who engage customers and drive premium rum. “It’s taken time, but it is past the stage where consumers saw rum as a cheap, fun, poolside drink. Now they are appreciating delicious aged rum.”

The rum category ticks steadily away as a mixed drink mainstay, although whiskey and tequila have lately received the lion’s share of media spotlight, marketing, and booze-

excellent chance of stealing some share,” says Eason. The numbers are growing and consumers are showing their interest, he adds.

One of the most interesting trends—and where aficionados can really geek out—is with funky expressions. These rums are also known as having “hogo.” That is slang for the French term *haut gout*, which means “high taste” or “gamey.” Hogo is variously described as rancid, earthy, nutty, and having a sense of place or *terroir*—with levels ranging from nearly undetectable to intense. *Rhum agricole*, Jamaican, and other rums plus rum’s Brazilian cousin *cachaça* all can exhibit some degree of funk. Appropriately, there is even a Jamaican rum brand called *The Funk*.

“Funk is being appreciated and embraced by the bartender community,” says Yelle. “Talking about hogo gets lost

on the consumer, but they certainly can taste its unique flavor. They may lack the terminology, but they have the appreciation.”

Not everyone is sold on the widening appeal of funk however. “Barrel finishes and hogo are catching on with some niche consumers as they explore the rum category,” says Daniel R. Clark, Pernod Ricard brand director for Malibu Rum. “We find that most consumers prefer the familiarity and consistency of more traditional rum products.”

Taking a page from Scotch and other brown spirits, more rum producers are experimenting with finishing liquid in various types of casks made from different varieties of wood. “With recent line extensions, we’ve developed proprietary ways to finish the aging process, either by using a variety of barrels and/or barrels that we have treated to impart our own

unique ‘Goslings’ character in the finished product,” says Gosling.

Spiced and flavored rums are, of course, a major component of the category.

“The spiced rum consumer is different from the flavored rum consumer, and coconut-flavored rum is its own animal,” says Eason. “Drinkers will always like new and delicious flavors, but will they have staying power?”

Still, do not count out spiced and fla-

vored expressions just yet. “Spiced rum continues to decline, but it still commands a dominant share of the rum category,” says Jason Schladenhauffen, CEO and president of 375 Park Avenue Spirits, whose portfolio includes the Colombian brand Dictador. “Flavors have begun to rise again after a cycle of flavor fatigue.”

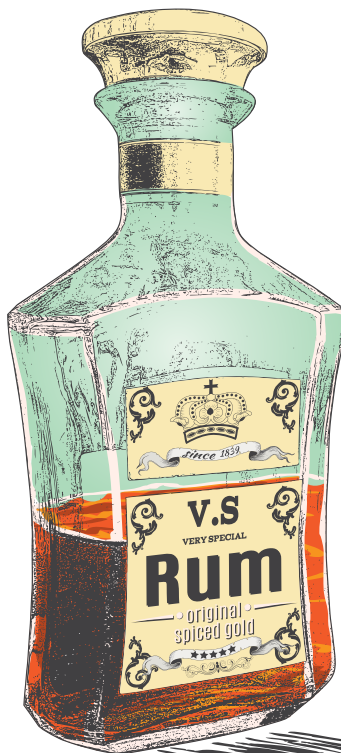

As mixologists become more enamored of rum, they are sharing that with customers, and, as always, on-premise trends lead to off-premise sales. “Cocktail culture and the resurgence of tiki are both driving consumer trial,” says Eason. “The on-premise is where aged rum is making its mark.”

“We continue to see a resurgence on-premise for tiki cocktails,” agrees Clark.

“The new wave of tiki bars have moved beyond kitsch and sugary drinks and are now focused on amazingly delicious drinks,” says Yelle. “Bartenders are really appreciating the beauty that rum can bring to cocktails.”

“Classic cocktails, specifically the rise of the Old Fashioned and Manhattan, have opened the door for the super-premium dark rum price tier to burst onto the scene,” with rum variations, says Schladenhauffen.

Rum producers are working assiduously to educate consumers about how easy it is to play bartender at home. “Mixability is one of the most underappreciated assets of rum,” says Schladenhauffen. “Most consumers know

how mixable vodka is, but it doesn't seem to translate at the same rate for rum, which is bit of a shame. Light rums tend to be a bit more versatile, but dark rums are plenty mixable and are used across many popular classic and tiki cocktails.”

VERSATILE, FLAVORFUL RUM

Take full advantage of increasing consumer interest in rum by highlighting a variety of aged rums, limited editions with innovative barrel finishes, and creative funky releases. This versatile, flavorful spirit is perfect for sipping as well as making an endless array of drinks ranging from classic cocktails and Mardi Gras favorites to fruity, spicy tiki concoctions.

WHY IMPORTED WHISKY CONTINUES TO GROW

craft and innovation attract new consumers

BY KYLE SWARTZ

Note: This excerpt is printed with permission from the July/August 2019 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

THE BROWN-SPIRITS BOOM IS WORLD-WIDE. The quality and diversity of whiskies distilled across the globe have never been higher.

Consumers have caught on. U.S. drinkers who first tried whiskies through the red-hot bourbon movement are now expanding their palates by exploring through Scotch, Irish, Canadian, and Japanese expressions. In particular, flavor-curious and brand-disloyal Millennials are eager to experiment with spirits from outside their country, which has led to growth across the board for imported whiskies. This would not be possible, however, if foreign brands did not offer an eclectic array of modern products that can satiate the U.S. consumer thirst for variety and quality. And this innovation from the worldwide category means that the future for imported whiskies is as bright as ever.

SCOTCH SEEKS MILLENNIALS

What's old is new. Scotch has moved beyond its prior stigma as the dusty bottles your grandpa drank. Now Millennials are interested—especially in single malts.

To reach younger consumers, creating cultural relevancy is key. “It’s critical our brands are offering value to consumers in the form of relevant liquids and unique experiences,” says Sophie Kelly, Diageo senior vice president of whiskey portfolio. They tap into what younger consumers care about in terms of both social and charitable interests. Brands have also reimaged their packaging to appeal to younger audiences . . . and developed deep digital connections that include opportunities for consumer education.

Once younger drinkers discover Scotch, they’ll find it has the diversity to match their ever-curious palates. “Millennials are embracing the diversity of malts,” says Rachel Barrie, master blender for Brown-Forman’s BenRiach, GlenDronach, and other Scotch brands. “Scotch is one of the most diverse spirits in the world.”

In general, the Scotch industry is moving to innovate beyond the aged single malt, and distilleries are embracing this by creating outstanding ‘No Age Statement’ whiskies—or flavor-led, as we like to refer to them—with unique barrelings that yield interesting and distinctive flavor profiles,” says Ivan Hidalgo, managing director Scotch and Irish whiskey at Beam Suntory.

CANADIAN DIVERSIFIES

Canadian is by far the largest category of imported whisky in America. Diageo's Crown Royal has captured the attention of modern consumers with a reliable core product, buoyed by a bevy of flavored, limited-edition, and small-batch releases. These are "answering consumers' desires for quality and experimentation, and are trending within the category," Kelly explains.

As the craft movement spreads worldwide, Canadian whisky has become increasingly diverse. Behind these category innovations are the country's liberal rules for distillation and production. "All we must be is made of grain, fermented, distilled and aged in Canada, and aged in a wooden barrel of less than 700-L for a minimum of three years, and be more than 40 percent ABV," explains Dr. Don Livermore, master blender at Hiram Walker & Sons Limited. "We are not told we have to use a mash bill—like bourbon. We are not told how to distill—pot still, column still—the choice is ours. And we are not told what barrel types we can use—new wood, used wood, wine barrels, rum barrels—the choice is ours. That makes Canadian whisky diverse. Isn't that Canada?"

"Canadian whisky is enjoyed by consumers across a wide range of demographics and regions," explains Adam Wilkins, associate brand manager for Sazerac Company's Canadian whiskies. "Its perception as an affordable, smooth, highly mixable whisky makes it an everyday choice for lots of consumers. We are ourselves conducting lots of experiments in the realm of aging, finishing, and blending in the hopes of bringing compelling new products to life in the years to come that consumers will find compelling."

IRISH WHISKEY EXPLODES

Irish whiskey is still red hot. What's behind this growth? As with whiskies elsewhere, a primary driver is innovation.

"If you asked us this question six years ago, it would be a simpler answer compiled of sherry casks or perhaps some wine casks," says Tony Carroll, global brand ambassador of Knappogue Castle Irish Whiskey. "But nowadays it's become a lot more open-minded and experimental. This of course leads to variety and curiosity for the consumer, which is a winning strategy for whiskey producers. It also allows the consumer to develop their whiskey palates and become a more confident, knowledgeable participant."

"In the last 15 years, the quality of Irish whiskey products has increased exponentially," says Dan Liguori, VP and GM at Mark Anthony Crafted Spirits. "That's what the consumer is looking for now: quality. That's elevated a category that was perhaps thought of as a commodity before and now is premiumized."

"Ultra-premium is a huge market we could tap into," says Sabine Sheehan, global brand ambassador for Lambay Irish whiskey.

JAPANESE WHISKY: ELUSIVE, HOT

Japanese whisky has become so trendy in America that it's often difficult to track down these bottles. "To put it in perspective, Japanese whisky is up over 40 percent in volume in 2017 alone, a figure that does not even begin to represent the true unconstrained demand for the whisky in the market today," says Rashidi Hodari, VP of marketing for House of Suntory.

When comparing Japanese whisky with other categories, often people suggest a similarity with Scotch. After all, the flavors and production methods can be relatively alike, but dig deeper and differences emerge. "They are both distilled in copper pot stills using malted barley, and some say they are close in flavor because of the history of Japanese whisky-making. But they are distinctly different in production, style, flavor, and texture," explains Hodari. The company continues "to release a range of offerings, including limited-edition expressions and new blended innovations such as Suntory Whisky Toki and Hibiki Japanese Harmony—both of which consist of a wide range of aged single malt and grain liquids to produce the perfect balance and flavor profile."

WHISKEY MADE ELSEWHERE

The brown spirits boom has taken root in countries not traditionally thought of for whiskey. Kavalan in Taiwan has earned global accolades in recent years, while other brands have popped up in India, France, Israel, and elsewhere. As U.S. consumers explore through more-typical styles and origins of whisky, they have also become interested in brown spirits from off the beaten path.

"As my mentor told me, you cannot

out-Scotch Scotch, but you can march to the beat of your own drum,” says David Vitale, founder of the Australian single malt brand Starward. “The consumer at last has been made aware that there’s a whole world of whisky outside of Scotch.”

CRUSHING ON CRAFT TEQUILA

Some producers are reviving traditional, artisanal methods to get to the heart of this agave spirit.

BY THOMAS HENRY STRENK

Note: This excerpt is printed with permission from the July/August 2019 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

WHAT IS CRAFT TEQUILA? Craft is a term tossed about by marketers, producers, and consumers, but there are no laws regulating its use for beverage alcohol, and no real consensus as to what craft actually means. Consumers are swayed by image and marketing and the often-mistaken notion that high price equals high quality. Craft is open to interpretation, and producers offer their own definitions.

Whiskey is already well on its way to defining craft. Now, tequila is also addressing what it means to employ artisanal practices to produce this agave spirit.

“The idea of craft in the United States was ushered in by the rise of craft beer,” says Melyssa Mead, brand director for Suerte Tequila and who previously worked for New Belgium Brewing. “Consumers want to know more about artisan tequila, that discovery process. Once they get into it, they can really geek out.”

While the average American might think all tequila is made in Mexico by small *madre y padre haciendas*—and some are—much of the Mexican spirit is produced in large, modern facilities using the latest technology to produce excellent tequilas. And many distilleries produce liquid for more than one brand.

“Huge corporations are churning out giant volumes of tequila and spending enormous sums of money to advertise and market it, which draws attention to the tequila and agave spirits categories,” notes Sean Duffin, a spokesperson for Siembra Azul Tequila. “But in today’s world of educated, curious consumers, some of those eyes and palates will be discerning, and there is definitely a growing demand for small-batch tequila.”

Despite a lack of consensus about what constitutes craft, some small tequila producers are returning to many-centuries-

old, traditional techniques for sourcing and preparing the agaves, fermentation and distillation, and aging and bottling. Additionally, producers large and small are expressing respect for the agave plant, the environment, and the local communities with projects aimed at protecting those valuable resources.

“My experience is that right now there is room on retail shelves and back bars for artisanal tequilas,” says Suerte Tequila cofounder Laurence Spiewak. “People are asking for craft tequila rather than blindly grabbing a bottle, and consumers are willing to pay for it.”

“U.S. tequila category growth shows little signs of slowing and continues to be driven by the premium 100-percent agave segment,” says Megan Hurtuk, marketing director, Agave & Proprietary Gin for Sazerac. “Increased consumer interest in traditional process, aging, and sustainability practices will likely continue and drive additional focus on premium brands with authentic stories.”

CULTIVATE INTEREST IN CRAFT TEQUILAS

Help your customers explore the ever-increasing array of craft tequilas by telling them the backstory of each bottling. Be sure to include details about where the tequila was produced (the location, soil, terrain, and climate), the people who grew and harvested the agave, and where and how the liquid was extracted, fermented, distilled, aged, and bottled. Also share information about how tequila producers are providing community services to improve the health and education of the agave farmers and their families, and how they are protecting the environment with recycling, composting, and other ecological sustainability measures.

Encourage your customers to sip several different offerings to discover their unique flavors, aromas, and tastes before they use them to mix their favorite cocktails.

McConnell's Irish Whisky

McConnell's was the first recorded Irish whisky brand to exist in Belfast Northern Ireland. James and John McConnell opened their distillery in 1776, McConnell's began to appear in the U.S in the 19th century

Today McConnell's Irish Whisky has been revived with a new distillery and custom packaging basked original McConnell's bottle, including quotes from doctors who prescribed McConnell's to their patients. The Crumlin road jail a.k.a. "the crum" is the new home of the McConnell's distillery. Like McConnell's, the Crum is a part of Irish history—it was a most famous destination for political prisoners before being converted to an iconic tourist destination and the new McConnell's distillery.

McConnell's Irish Whisky

McConnell's was the first recorded Irish whisky brand to exist in Belfast Northern Ireland. James and John McConnell opened their distillery in 1776, McConnell's began to appear in the US in the 19th century

Today McConnell's Irish Whisky has been revived with a new distillery and custom packaging basked original McConnell's bottle, including quotes from doctors who prescribed McConnell's to their patients. The Crumlin road jail a.k.a. "the crum" is the new home of the McConnell's distillery. Like McConnell's, the Crum is a part of Irish history—it was a most famous destination for political prisoners before being converted to an iconic tourist destination and the new McConnell's distillery.
